- (b) For the life of the Contract, project funds may only be distributed to profit-motivated owners at the end of each fiscal year of project operation following the effective date of the Contract after all project expenses have been paid, or funds have been set aside for payment, and all reserve requirements have been met. The first year's distribution may not be made until cost certification, where applicable, is completed. Distributions may not exceed the following maximum returns:
- (1) For projects for elderly families, the first year's distribution will be limited to 6 percent on equity. The Assistant Secretary may provide for increases in subsequent years' distributions on an annual or other basis so that the permitted return reflects a 6 percent return on the value in subsequent years, as determined by HUD, of the approved initial equity. Any such adjustment will be made by Notice in the FEDERAL REGISTER.
- (2) For projects for non-elderly families, the first year's distribution will be limited to 10 percent on equity. The Assistant Secretary may provide for increases in subsequent years' distributions on an annual or other basis so that the permitted return reflects a 10 percent return on the value in subsequent years, as determined by HUD, of the approved initial equity. Any such adjustment will be made by Notice in the FEDERAL REGISTER.
- (c) For the purpose of determining the allowable distribution, an owner's equity investment in a project is deemed to be 10 percent of the replacement cost of the part of the project attributable to dwelling use accepted by HUD at cost certification (see §881.405), unless the owner justifies a higher equity contribution by cost certification documentation in accordance with HUD mortgage insurance procedures.
- (d) Any short-fall in return may be made up from surplus project funds in future years.
- (e) If HUD determines at any time that project funds are more than the amount needed for project operations, reserve requirements and permitted distribution, HUD may require the excess to be placed in an account to be used to reduce housing assistance payments or for other project purposes.

- Upon termination of the Contract, any excess funds must be remitted to HUD.
- (f) Owners of small projects or partially-assisted projects are exempt from the limitation on distributions contained in paragraphs (b) through (d) of this section.
- (g) In the case of HUD-insured projects, the provisions of this section will apply instead of the otherwise applicable mortgage insurance program provisions.

§881.207 Property standards.

Projects must comply with:

- (a) HUD Minimum Design Standards for Rehabilitation for Residential Properties (HUD Handbook 4940.4);
- (b) In the case of congregate or single room occupant housing, the appropriate HUD guidelines and standards;
- (c) HUD requirements pursuant to section 209 of the Housing and Community Development Act of 1974 for projects for the elderly or handicapped;
- (d) HUD requirements pertaining to noise abatement and control;
- (e) The Lead-Based Paint Poisoning Prevention Act (42 U.S.C. 4821-4846), 24 CFR part 35 and 24 CFR part 200, subpart O; and
- (f) Applicable State and local laws, codes, ordinances and regulations.
- (g) Smoke detectors. (1) Performance requirement. After October 30, 1992, each dwelling unit must include at least one battery-operated or hard-wired smoke detector, in proper working condition, on each level of the unit. If the unit is occupied by hearing-impaired persons, smoke detectors must have an alarm system, designed for hearing-impaired persons, in each bedroom occupied by a hearing-impaired person.
- (2) Acceptability criteria. The smoke detector must be located, to the extent practicable, in a hallway adjacent to a bedroom, unless the unit is occupied by a hearing-impaired person, in which case each bedroom occupied by a hearing-impaired person must have an alarm system connected to the smoke detector installed in the hallway.
